CHAMELEON™
THE HIGH SECURITY CURTAIN WALL SYSTEM

AMICO SECURITY

UPGRADE AN EXISTING CHAIN LINK FENCE

AMICO Security Chameleon™

The Chameleon™ System allows you to upgrade an existing chain link fence to the AMIGUARD® PERIMETER SYSTEM utilizing existing fence posts. This allows you to upgrade to a perimeter system with anti-cut and anti-climb capability.

- Allows you to utilize existing fence posts already set in place
- Saves time (up to 40% over other solutions) and materials
- Allows you to utilize existing grounding systems
- Can increase the security level of an existing chain link fence
- Unlimited security mesh options
- Choice of finishes

CHAMELE☉N™

Components

AMIGUARD AMICLAMP®

The Chameleon™ System allows you to upgrade an existing chain link fence to the AMIGUARD® perimeter system. The patent pending AMICLAMP® design allows easy attachment to an existing post to accommodate the AMIGUARD Infini-Rail®. The Chameleon™ system can include various post sizes including 2-3/8", 2-7/8", 4", and 6-5/8".

Security mesh can then be attached by utilizing AMIGUARD Diamond Fasteners®.

Our unique approach incorporates innovative solutions to solve common concerns including: security, aesthetics, seamless design, ease of installation, incorporation of impact and fiber optic cables and anti-cut / anti-climb mesh options.

Finishes

AMICO Security offers two highly corrosion resistant finishing options:

- Hot-Dip Galvanizing
- Powder coating over E-Coating

These finishes help protect and add color to our base materials creating stunning visual effects.

Mesh Styles

The Chameleon™ Retrofit system works with any Mesh Style offered under the AMIGUARD® product lines. Chameleon™ is compatible with the AMIGUARD® 5000 series wire meshes, it works with our 6000 and 7000 series expanded metal meshes, and it works with our APEX series, the Architectural Expanded Metal product line.

NEW ANC® Chameleon™ Hybrid System

New ANC® Chameleon™ Hybrid System is a combination of ANC Non Conductive components on the outside and Chameleon Retrofit components on the inside.

- 100% non metallic, non conductive from the outside
- M5 security rating in compliance with the ASTM standards
- Allows you to utilize existing fence posts
- Saves time (up to 40% over other fence systems) and materials
- Allows you to utilize existing grounding systems in place
